Disclaimer

This presentation contains certain forward-looking statements that reflect the Company's management's current views with respect to future events and financial and operational performance of the Company and its subsidiaries. These forward-looking statements are based on Italiaonline S.p.A.'s current expectations and projections about future events. Because these forward-looking statements are subject to risks and uncertainties, actual future results or performance may differ materially from those expressed in or implied by these statements due to any number of different factors, many of which are beyond the ability of Italiaonline S.p.A. to control or estimate precisely, including changes in the regulatory environment, future market developments, fluctuations in the price, and other risks. You are cautioned not to place undue reliance on the forward-looking statements contained herein, which are made only as of the date of this presentation. Italiaonline S.p.A. does not undertake any obligation to publicly release any updates or revisions to any forward-looking statements to reflect events or circumstances after the date of this presentation. The information contained in this presentation does not purport to be comprehensive and has not been independently verified by any independent third party.

This presentation does not constitute a recommendation regarding the securities of the Company. This presentation does not contain an offer to sell or a solicitation of any offer to buy any securities issued by Italiaonline S.p.A. or any of its subsidiaries.

Pursuant to art. 154-bis, paragraph 2, of the Italian Unified Financial Act of February 24, 1998, the executive in charge of preparing the corporate accounting documents at Italiaonline S.p.A., Gabriella Fabotti, declares that the accounting information contained herein correspond to document results, books and accounting records.

PRO FORMA FY 2017 AND 2016

The main indicators for the years 2016 and 2017 have been analysed and commented according to a normalized view (pro forma data) to reflect the changes in the perimeter due to the sale of the subsidiary Europages and the 12.54 business segment, the disposal of Moqu's arbitration activities and to the accounting realignment of the subsidiary Consodata¹ occurred in 2016 and thus to enable comparison with FY 2017 results. As a result of the aforementioned changes, the comparative data as at 31 December 2016 show revenues of € 376.0 million (€ 389.5 million reported in 2016 Annual Financial Report) and EBITDA of € 63.9 million (-€0.1 million vs 2016 reported data) the corresponding figures for 2017 show revenues of € 338.5 million (€ 335.9 million data reported in the 2017 Annual Financial Report) and EBITDA of € 67.7 million (in line with data reported in the 2017 Annual Financial Report).

1 The 2016 account receivables related to the subsidiary Consodata amounting to 6 3.2 million had been written down entirely in terms of EBITDA and not of revenues to take into consideration the application of the accounting standard IFRS 5 (assets available for sale). In 2017 Consodata has been entirely in terms of EBITDA and not of revenues to take into consideration the application of the accounting standard IFRS 5 (assets available for sale). In 2017 Consodata has been entirely in the Group perimeter but a better assessment of the working capital revealed inconsistencies of £ 2.5 million relating to Revenues of previous years, which have been deducted from the 2017 reported Revenues in compliance with the accounting standards. As a consequence of the above, for the purposes of a homogeneous representation of the business, the amount of the inconsistencies in the proforma: a) has been correctly deducted from the 2016 revenues and recovered in 2017 Revenues.

BUSINESS PLAN UPDATE 2018-2020

BP 2018-2020 | Strategic Guidelines

DIGITAL ADVERTISING

- Consolidate sales house leadership and address growth through partnerships and/or acquisitions
- Further develop commercial and technical partnerships to strenghted leadership in programmatic advertising

DIGITAL AGENCY

- Consolidation and optimization of current **Digital Local Services** (DLS) to guarantee proximity to Customers through a suite of digital off-the-shelf solutions
- Development of about 15 <u>Digital Agencies</u> to provide a 360 digital marketing services to the higher segment of SMEs
- Develop SME CB through churn reduction, Customer win-back and upselling

TRADITIONAL BUSINESS

 Initiatives to manage the natural decline of the tradtional directory business to reduce impact on marginality and accelerate full digital conversion of Customers

BP 2018- 2020 | SEAT PG legacy

OPERATIONAL TURNAROUND

- Turnaround of the IT infrastructure by adopting the Salesforce platform to support sales, CRM, production and Customer care
- Optimization and streamlining of the main company processes through automation, simplification of activity flows and extend the adoption of the "agile" methodology
- Improve the digital workforce mix through the recruitment of 100 highly skilled digital professionals and the reduction of about ~ 400 FTEs (o/w ~ 300 currently in CIGS)
- The outcome of the operational turnaround will greatly improve the digital delivery capabilities and operational efficiency of the company and bring a cumulated cost saving in the BP period (2018-2020) of about € 50 m

Business plan 2018-2020 guidelines
