Accounting standard IFRS 15 - IFRS 16

Starting from 01 January 2018 entered into effect the IFRS 15 - Revenue from Contracts with Customers and Amendments and IFRS 9, furthermore Italiaonline decided to early adopt IFRS 16 - Leases – from 01 January 2018 (instead of 01 January 2019). The IFRS 15 had a negative impact of € 1 million on revenues and of € 0.9 million on the EBITDA for the first quarter of 2018. This effect is temporary and will be next to zero over the full year, thus it is not considered relevant. The IFRS 16 on the Q1 2018 results had a positive impact on EBITDA of about € 2.2 m. In addition the introduction of IFRS 16, according to which all rents have to be treated as depreciation, implies the recognition in the statement of financial positions of a financial liability, against the value in use of leased assets, which at 31 March 2018 amounted to € 40 million.
